

MATHEMATICS (BA+BS)

Recommended Courses for Students Planning to Transfer to VWU

Students planning to transfer from Tidewater Community College to Virginia Wesleyan University should complete courses that will satisfy VWU's major requirements and facilitate timely degree completion. Courses in black are strongly recommended; students who do not complete these courses require an additional year due to course sequencing issues. Courses in blue are suggested to get students ahead by having additional courses completed toward the major.

Students who complete the Associate of Art or Associate of Science degree program will satisfy all of the junior/senior work.

MATHEMATICS (BA+BS)

VWU COURSE	TCC EQUIVALENT
MATH 171: Calculus I	MTH 263: Calculus I
MATH 172: Calculus II	MTH 264: Calculus II

MATH 210: Introductory Statistics

	MTH 267: Differential Equations
MATH 210: Introductory Statistics	MTH 245: Statistics I

While all courses passing grades are accepted as transfer credit, some major requirements of "C" or better must be earned.
